

# Optical Laboratories Association

*Voice of the Manufacturing Optical Laboratory - Since 1894*

March 10, 2008

Fellow OLA Member,

The Ballot on the changes to the OLA Bylaws closed last Friday, March 7, 2008. The ballots were counted, and the results were audited and verified in accordance with the Bylaws.

The ballot result is an 84% vote for Approval, which exceeds the required 67%, and thus the Bylaws changes are approved. Later this week, we will send you a finished version of the newly-approved Bylaws.

It is notable that the voting for Approval was remarkably uniform across all of the existing member categories, as follows:

- Wholesale Lab Members 84%
- Retail Lab Members 89%
- Vision Plan Lab Members 66%
- International Lab Members 100%
- Associate Members 84%

You the OLA Members have reaffirmed your commitment to OLA as the “voice of the Rx manufacturing optical laboratory” – the organization that represents the optical laboratory, and provides the services to support the business and operation of the optical laboratory.

For all of the Board of Directors, we thank you for your commitment and support for OLA.

Regards,

Steve Sutherlin  
Chairman, OLA Bylaws Committee

Barney Dougher  
OLA President
