For the last 46 years, Jobson’s renowned brands have been the eyecare practitioner’s most trusted source of information. As the industry’s news, education and information leader, Jobson has dedicated our efforts to partner with customers to grow the ophthalmic market and to provide innovative marketing solutions for your products and services.

2021 has continued to bring many challenges and uncertainty, forcing us all to be creative, resourceful and strong to help our colleagues and our industry find positive ways to move forward. Our team has remained dedicated to bringing our readers, your clients, information, direction, resources, and education in order to meet these challenges.

Jobson’s multi-channel advertising and marketing packages, including influential print media, strategic digital advertising, custom content development tools, high impact live and virtual events, and education and training initiatives, provide powerful solutions to reach, engage and influence the eyecare practitioner. Together, we share an exciting vision for the future of our industry as we work in partnership to strengthen your brands and marketing messages.

In a recent study conducted by E-Marketer, B2B digital ad spending saw incredible growth from 4.9% of the market to 5.7%. B2B’s are expected to continue to see an increase in digital ad investments, and this growth has been consistent with our digital offerings.* Even with the market growth in digital spending, our print products remain strong, with the majority of our readers still preferring the print format.

In 2022, we believe Jobson’s products and services will maintain their position as the first and prime information choice of your customer base. With an abundance of print and digital marketing opportunities, which include among others 20/20 Magazine, 2020mag.com, Vision Monday, VisionMonday.com, VMail, Review of Optometric Business, Women In Optometry, Review of Myopia Management and Frames Data, we can offer you a powerful and impactful marketing mix tailored to your key messages and your distinct core audiences. We pride ourselves on our leadership position in readership, reach and influence with our print, digital and multi-platform (print/digital/virtual & live) education offerings. We strongly believe this rich and diverse mix of communication tools provides you with the greatest value for your investments.

Jobson has proven its ability to adapt and create innovative resources to meet the everchanging market needs, and we look forward to working with you to apply these resources to your marketing and communication needs. Please feel free to reach out to me to discuss ways we can work together to move the market forward in 2022!

Education and Training

20/20 Pro to Pro is the go-to source for ECPs on new technology, products, dispensing tips and industry/optical information. This unique peer-to-peer forum allows information to be exchanged in a variety of ways: as print or online articles and CE Courses, video, narrated, interactive, self-paced SCORM modules, in-person events and more.

Partnering with 20/20 to provide expert education and training helps ECPs deliver better patient care. They gain in-depth knowledge about your new products and technology and how it benefits their customer. The Pro to Pro brand is an invaluable tool for industry professionals who need this essential information and CE accreditation. More than 75,000 exams are processed annually by 20/20’s Pro to Pro. It is the leading test processor of CE credits in the industry.

Bi-weekly e-Newsletters are sent out to the highly engaged Pro to Pro audience, keeping readers updated on what is current on the education channel. More than half of 20/20’s website traffic is driven by Pro to Pro continuing education.

Grants and Sponsorship

Make an impact. In every issue of 20/20, a CE and/or Pro to Pro article, can be sponsored. Sponsored CE courses produce to up to 5,000+ test takers annually. Survey respondents chose continuing education as the number one most trusted source to learn about new products and technologies. CE is a great way to reach opticians, para-optometrists and contact lens fitters. Your courses are promoted through eblasts and newsletters.

LMS Education Portals

The Learning Management System service includes branded education portals that provide optical training modules and custom content to teach and train your staff. Learners can track and manage all their work to build expertise. Pro to Pro can also create expertly curated content for your existing LMS and your customers on new products. And ABO and NCLE CE course accessibility can be included.

Customized Live Education and Training

Jobson can assist in crafting live events for your company. These events are customizable in areas such as: staff/sales training, and/or educational lectures on new products and technology. These unique sponsorship opportunities allow you to reach a specific segment of the market to enhance your advertising and marketing message by identifying and addressing key industry topics. They can be ABO or NCLE accredited courses.

CE Webinars

Jobson can execute live or simulated live CE webinars. This includes aggressive promotional efforts through email and social media promotion. Reach thousands across the country, anytime of the year. Have your expert or Master Optician and Director of Education, Deborah Kotob, ABOM, present your product spotlight CE course virtually to a live audience.
Events

Although the landscape of live events has changed, they still remain one of the best ways to gain new customers, strengthen current customer relationships, and communicate your brand messaging. The pandemic opened up new opportunities for virtual events with interactive platforms, educational webinars and unique video conversations that still provide memorable attendee experiences. Successfully managing content development, targeting and recruiting the right attendees, venue selection and budgeting are all critical for a well-produced event, helping to build and establish brand leadership.
